GLOBAL GRAPHICS RELEASES VERSION 2.0 OF THE JAWS PDF DESKTOP SUITE Jaws PDF Creator® and Jaws PDF Editor® in one easy-to-use package

- PDF creation, assembly, merge, mark-up and forms-fill for the single user, small office and enterprise at only 89 USD/69 Euro/47GBP (SRP)

Centreville, VA and Cambridge UK, February 14, 2008: [Global Graphics](#) has launched Version 2.0 of the [Jaws PDF Desktop Suite](#), a comprehensive PDF solution in one easy-to-use package for the single user, small office and enterprise. Platform support has been added for Windows Vista and Microsoft Office 2007 to this popular tool that combines [Jaws PDF Creator](#) and [Jaws PDF Editor](#) into a single installer to provide high-quality PDF creation, assembly, merge, mark-up and forms-fill.

James Bidewell, Global Graphics' sales director for eDocument Technologies says, "The Jaws PDF Desktop Suite has been designed to give the majority of PDF users the set of features they need for everyday use, whether they need to create PDFs to archive receipts from on-line purchases, or work in an office where they need to comment on and mark up PDF files that they exchange with colleagues. PDF usage is broadening and the Jaws PDF Desktop Suite is an easy-to use and cost-effective tool that has proved very popular because of its price and feature set. Version 2.0 of the Desktop Suite combines the latest versions of Jaws PDF Creator and Jaws PDF Editor together, that's Version 5.0 of Jaws PDF Creator and Version 4.0 of Jaws PDF Editor. Based on the feedback we've had from our users they will welcome the updated platform support that we have added."

The Jaws PDF Desktop Suite v.2.0 builds on an already powerful range of functions. For only 89 USD/69 Euro/47GBP (SRP) users can create high-quality PDF files, use powerful commenting tools such as sticky notes, a highlight pen, underline and strikeout, and can easily format and assemble PDF files by inserting, extracting, rotating and deleting pages. Document navigation can be enhanced through bookmark creation and formatting tools. Features include:

- Easy PDF creation from any Microsoft® Windows® application
- 'One click' creation from Microsoft Word, Excel and PowerPoint files
- View, navigate, search and print PDF files. You can Navigate via bookmarks, the page list, thumbnails, or links and search for words or phrases in the file.
- Review and mark up with comments: you can create, edit, save and import and export comments directly in a PDF file. Mark-up tools include Note, Highlight, Strikeout, and

Underline each with an associated pop-up comment window to add additional information. Additionally, users can share comments among other reviewers using import and export comments.

- Assemble PDF files: document assembly tools include Insert, Delete, Reorder, Rotate, and Extract pages. File Open settings determine how the document displays when opened. Users can add, delete, format and rearrange bookmarks to enhance navigation. The Finish DocumentWizard steps through a checklist of settings to prepare the file for distribution.
- Form-fill and import/export form data: fill out a PDF form, edit, save, print, e-mail and import and export field data once you've finished.
- Secure PDF files using 128-bit encryption
