Operational highlights of the six months ended 30 June 2015

On 23 March 2015, the Group acquired the trade and assets of RTI Global, Inc. and RIPMall Technologies, Inc. (together "RTI"), both located in Sarasota, Florida, USA.

RTI provides and supports custom-branded versions of the Harlequin RIP direct to print service providers and printing equipment manufacturers, mostly in the North American market, and is a long-standing customer of the Group. RTI has grown a successful on-line sales operation over the past 20 years, selling the RTI Harlequin RIP for use with a wide variety of printing equipment and workflows.

This acquisition gives the Group a direct route to market in one of its strategic growth segments at the light production end of the digital printing market where RTI's understanding of the end-customer will be invaluable. It also gives the Group access to a very successful on-line sales operation which will allow the Group to receive a higher margin on sales to end users.
