

PRESS RELEASE – REGULATED INFORMATION

GLOBAL GRAPHICS ACQUIRES RTI GLOBAL, INC. AND RIPMALL TECHNOLOGIES, INC.

Cambridge (UK), 30 March 2015 (08.00 CET): — [Global Graphics SE](#) (Euronext: GLOG) announces today that it has acquired the trade and assets of RTI Global, Inc. and RIPMall Technologies, Inc. (together "RTI"), both located in Sarasota, Florida, USA.

RTI provides and supports custom-branded versions of the Harlequin RIP direct to print service providers and printing equipment manufacturers, mostly in the North American market, and is a long-standing customer of Global Graphics. RTI has grown a successful on-line sales operation over the past 20 years, selling the RTI Harlequin RIP for use with a wide variety of printing equipment and workflows.

Gary Fry, Global Graphics' CEO said, "RTI has been providing expert advice to Harlequin customers for many years and has an excellent reputation for service and support. This acquisition gives us a direct route to market in one of our strategic growth segments at the light production end of the digital printing market where RTI's understanding of the end-customer will be invaluable. It also gives us access to a very successful on-line sales operation."

Total consideration is estimated to be \$0.27 million, which will be settled in cash, from existing shares and the forgiveness of debt.

For the year ended 31 December 2014, the unaudited accounts of RTI showed revenue of \$0.93 million and a profit before tax of \$0.11 million.

The acquisition is expected to be earnings enhancing in the current financial year.

Ken Hillier, president of RTI said, "We're delighted to join Global Graphics and look forward to continuing the successful operation of the RTI business."
